

THE TASTE CHALLENGE

The Taste Challenge is our most popular activity, providing an opportunity to work in teams, spend time together, meet and network whilst completing a series of food and drink challenges.

It can be run as a stand alone event or as part of your larger corporate event or conference.

Following the welcome and briefing, teams are invited to visit a number of 'tasting stations' arranged around the venue. At each tasting station there is a food or drink challenge which the team needs to complete before moving onto the next challenge.

After all the challenges have been completed, we talk through the answers providing a valuable learning output for the audience.

The Taste Challenge is designed to run for two hours, but can be tailored to your individual event requirements.

PASSPORT TO TASTE

Passport to Taste is an innovative, stimulating and challenging tasting activity designed to entertain and educate your clients or colleagues. Exploring food and drink from all around the world makes this challenge hugely popular with international or multi-cultural teams.

It can be run as a stand alone event or as part of your larger corporate event or conference.

Following the welcome and briefing, teams are issued with 'passports' and invited to visit a number of 'countries' arranged around the venue. At each 'country' there is a food and drink pairing from that country which needs to be identified from the options in the passport before moving onto the next 'country'.

After all the countries have been visited and passports completed, we give the answers which allows the audience to learn from their experience.

Passport to Taste is designed to run for two hours, but can be tailored to your individual event requirements.

PERFECT PAIRINGS

Perfect Pairings can be run either as a tutored activity or as a walk-around event with pairing tables.

It can be run as a stand alone event or as part of your larger corporate event or conference.

Following the welcome and briefing, the tutor introduces a number of matched pairings of your chosen food and drinks. Each pairing is introduced along with their history, production, legends and anecdotes. *(Did you know that it's illegal to land a flying saucer in one French wine region?)*

Our most popular pairing is Cheese and Wine but we can also run pairings of Chocolate with Wine, Cheese with Beer, Cheese with Whisky or Gin with various food combinations.

Perfect Pairings is designed to run for one to two hours, but can be tailored to your individual event requirements.

TASTE AND BLUFF

Taste and Bluff is run as a sit-down event with teams at tables around the venue.

It can be run as a stand alone event or as part of your larger corporate event or conference.

Following the welcome and briefing, teams are given a cheese and a wine to enjoy for their first round.

The teams are also given three different descriptions for the cheese and the wine and they are invited to identify which of the three descriptions they are given is correct for the cheese or wine that they are enjoying.

The activity can also be adapted to include other food and drink options such as charcuterie, chocolate, whisky or gin.

Taste and Bluff is designed to run for one to two hours, but can be tailored to your individual event requirements.
